TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF APPLICATION AND PRELIMINARY DECISION

FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016160001

APPLICATION AND PRELIMINARY DECISION

Sunny Flea Market, Inc., 8705 Airline Drive, Houston, Texas 77037, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016160001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 100,000 gallons per day. TCEQ received this application on May 2, 2022.

The facility will be located at 8705 Airline Drive, in the City of Houston, in Harris County, Texas 77037. The treated effluent will be discharged to Harris County Flood Control District Ditch P118-27-00, thence to Halls Bayou, thence to Greens Bayou into the Houston Ship Channel in Segment No. 1005 of the San Jacinto River Basin. The unclassified receiving water uses are minimal aquatic life use for the Harris County Flood Control District Ditch P118-27-00 and limited aquatic life use for the Halls Bayou. The designated uses for Segment No. 1005 are navigation and industrial water supply. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or permit. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=6d35b5d581bc433b9d9d9601849201a76&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision, thus this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Harris County Public Library - Aldine Branch, 11331 Airline Drive, Houston, Texas.

ALTERNATIVE LANGUAGE NOTICE

Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permits/tpdes/tpdes-language-summaries-and-public-notices>. All aviso de permisos en español está disponible en <https://www.tceq.texas.gov/permits/tpdes/tpdes-language-summaries-and-public-notices>.

PUBLIC COMMENT / PUBLIC MEETING

You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING

After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly related to a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:

your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and, the statement "I/we request a contested case hearing."

If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence. Identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information requested by the group regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests of the group seek to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission will only grant a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

EXECUTIVE DIRECTOR ACTION

The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.
